

## XD 45 ACP

XD9611HCSP06\* 45ACP, Black

This time our engineers have outdone themselves, defying the laws of physics, adding material where needed, shaving it away where it's not . . . cramming 14 rounds of 45ACP punch into a polymer frame that is not perceptibly larger than the one we use for our 9mm and 40 cal. XDs.

\*For California legal models the part number is XD9611SP06.
